

2009-10 run volunteers 2.xls

In order for the MLS to maintain its positive, public image and sustain its 401(c)(3) tax status, run days need to be fully staffed in two, 3-hour shifts during the Sep-May run season.

In order for MLS members and guests to safely operate on the railroad, regular maintenance must be done. Weekly work crews working 3-hour shifts should be able to keep the railroad in good, safe repair.

Avg 37 Sun/yr + 3 Sat (+ special runs) @ 16 slots/WE (3 crews) = 640+ slots/yr. 130 regular/spouse members within 75 mi drive - 20% w/limitations = 105 members available. 640 slots / 105 members = 6 slots/member/yr.

To meet the operation and maintenance needs of the MLS, we need each regular/spouse member living within a 75-mile drive of the track to do their part and commit to at least six 3-hour time slots per year in operations and/or maintenance. Naturally, members can do more if they want. Even individuals with health and other limitations can help in different ways.
